I have been in the accounting and finance industry for over 25 years and have really enjoyed my time as a Mortgage Broker. I have found my *niche* being a Broker and have loved dealing with all of the wonderful people I have met during that time. Sharing the excitement of clients finding a property and seeing it through to settlement has been great!

I have assisted many fully fledged brokers in the Industry with Loan Processing during my time with Aggregators **Aussie** as well as two years with **Connective**. And it is the reward of hearing that sense of relief from a Broker with another problem solved I entered into the mentoring role.

I remember that daunting feeling of getting started as a Broker, and as an MFAA Mentor, I will get you over the hurdles and into your career with the care and attention you deserve.

Call me for a chat about the course which covers two years of structured mentoring.

*Alison has a Cert 1V Fin /Mortgage Broking, Dip Fin/ Mortgage Broking, Grad Cert in Marketing, Dip in Bus, Acctg. And is a MFAA Full Member & Certified Mentor.*
