

Arin Di Camillo

Surrey Road Finance

South Perth

0413 201 881

#### Bio

Founder of Surrey Road Finance, Arin began his career as a non-discretionary stock trader for National Australian Bank while completing his Bachelor of Commerce at Curtin University.

From there he worked in consumer lending for three years before moving to Resolve Finance in 2005 to properly begin his mortgage brokering career. In his first three years Arin wrote nearly \$100 million in home loans and made the Top 100 Brokers in Australia.

He was then promoted to the Sales Manager role in 2008 and spent the next six years helping take Resolve Finance from 16 brokers and \$400 million a year to 32 brokers and over \$900 million per year in settled loans. His passion for developing new brokers from outside the industry and enthusiasm in celebrating wins were hallmarks of this period.

During his time as manager Resolve picked up many awards; including the ABA Best Brokerage award, and awarded consistently a top ten place in Australia's best brokerages.

Arin moved to Momentum Wealth in 2014, managing their mortgage broking team, the investment planning team, the Buyer's Agents and the Risk department. Arin was fortunate to have his teams and team members receive many awards; which not only included finance team awards like Best brokerage and best customer service, but individual awards by his team members like the Rising Star award and Broker of the year.

A loyal servant of the industry with a passion for people development, Arin has a proven track record of coaching brokers to achieve great things.
