“Helen is highly respected by her colleagues and peers, thanks to her comprehensive knowledge, attention to detail, and extraordinary level of personal achievement.”

Twice named *Broker of the Year* by Specialist Mortgage, Helen Goldsmith credits her long experience in banking and mortgages for her professional success. Building on her extensive customer service background, Helen moved into professional finance in 1998. In 2004, Helen opened the doors on her own brokerage, LINK Mortgages.

Helen holds an Associate Diploma from Ryde College, Sydney, as well as a Certificate IV in Finance Brokering. She is accredited with more than 38 banks, securitised lenders, and non-conforming lenders, and is familiar with all types of loans, personal and commercial.

Knowledgeable and accessible, Helen now uses her 26 years of finance and customer service experience to mentor and train new brokers. Her students learn to build thriving, professional, profitable mortgage businesses, quickly gaining the knowledge and confidence that comes with success. “It’s the most satisfying thing I do.” said Helen, “Helping someone learn, develop, grow... then cheering as their success starts to build. It’s rewarding for both teacher and student.”
