Ken Olds has enhanced his passion for helping others achieve their goals by becoming an MFAA Certified Mentor, providing education to new and existing Finance Brokers.

Ken started his finance career way back in 1974 and has been involved in all forms of finance from Retail and Commercial lending to Asset Finance and Wealth Management/Insurance. Within Ken's broad career, he has also had experience working within Real Estate and Stockbroking industries.

In 2011 Ken commenced his own Mortgage Broking business and has enjoyed helping people achieve their home ownership and investment dreams.

Ken understands the value of having great mentors. During his career Ken has mentored many people in various roles and has always been the 'go to' man when people seek advice on their training and development needs.

Ken is also an accredited Life Insurance Representative and can provide advice on the benefits of adding this extension to a mortgage broking career.

If you are looking for a Mentor that truly understands the finance industry with a friendly personality then give Ken a call to discuss your future.
