Can we relate to each other?

Well, my working life has been diverse so I can relate to what other people do for a living. I have extensive experience in both company and government at senior finance and management levels, but I started at the bottom and worked my way up to the top. I have also been retrenched and delivered junk mail to survive.

Personal relationships. Divorce. Two of them. Currently married. Five children, 11 to 34. Sport. Play it, don't follow it.

Let's talk about what I can do for you. Call me. Now. I'm always available. To you.
